

# Acme Corp - Internal Information Security Policy

## CONFIDENTIALITY AND DATA PROTECTION POLICY

### 1. Project "Project Olympus"

All information regarding "Project Olympus" is strictly confidential. This project involves the development of our next-generation quantum processing chip. Under no circumstances should the codename "Project Olympus", its projected launch date of Q4 2026, or its R&D budget of \$45 Million be disclosed in external communications, drafts, or unencrypted emails.

### 2. Customer Data Handling

Employees must never share customer PII (Personally Identifiable Information) in internal memos or reports without masking. This includes Social Security Numbers, direct phone numbers, and home addresses.

### 3. Internal Communication Standards

Acme Corp maintains a zero-tolerance policy for toxic, abusive, or unprofessional language. Words related to violence, severe profanity, or discriminatory remarks are strictly prohibited in all company documentation and communications.

Failure to adhere to these policies will result in immediate disciplinary action.
